

MOSES BENJAMIN UMANA

Full Stack Web Developer, Technologist

Lagos, Nigeria | +234 8114757625 | umanamoses01@gmail.com | [LinkedIn](#) | [Git Hub](#)

CAREER SUMMARY

I'm an experienced Fullstack Web Developer with a frontend focus and over three years of expertise in website and software development. Proficient in JavaScript and frameworks like React and Next.js, I specialize in creating responsive designs and ensuring cross-browser compatibility. I'm well-versed in version control systems like Git and have a good history of delivering projects on time. Passionate about collaboration, I thrive in team environments and contribute to enhancing productivity.

KEY COMPETENCE

- **Language:** JavaScript, SQL, Css, Html.
 - **Frameworks:** React, Express, TypeScript, Nextjs, Tailwind, Chakara, ShadCn, MaterialUi.
 - **Tools:** VScode, Nodejs, TanStack, MongoDB, ngnit, Postman, MySQL, Git, Npm, PostgreSQL, Docker, Microsoft tools (graph)
 - **Soft Skills:** Communication, Team collaboration, Problem solving, Time management, Creativity.
-

PROFESSIONAL EXPERIENCE

Demz Aminytics

Jan 2025 - June 2025

Full Stack Developer (Contract)

- Recreated pixel-perfect UI/UX designs from Figma using React and Next.js across 3+ web applications, reducing frontend delivery time by 30% and improving stakeholder satisfaction scores.
- Integrated internal and third-party APIs into multiple client-facing platforms, enabling real-time data features and reducing manual processes by 50%.
- Built modular, maintainable frontends for AI-powered web tools using TypeScript and TailwindCSS, improving code reliability and cutting frontend bugs by over 60%.
- Collaborated with cross-functional teams (product, backend, QA) to launch features 20% faster through efficient code structure, proactive debugging, and early issue resolution.
- Conducted comprehensive testing and resolved 100+ reported bugs across staging and production environments, reducing QA rejections and post-launch issues by 45%.

Peddle Technologies

Aug 2022 - Jul 2023

Full Stack Developer

- Built responsive UI from Figma designs using React and Next.js, speeding up delivery by 30%.
- Integrated RESTful APIs across apps, enhancing data flow and reducing manual effort.
- Developed reusable components with TypeScript and Tailwind, cutting dev time by 25%.
- Collaborated with dev teams to turn ideas into features, improving release speed by 20%.
- Tested and debugged apps across environments, resolving 100+ issues pre-deployment.
- Delivered cost-effective solutions that cut project expenses by 20%.
- Streamlined workflows to boost team efficiency by 25%.

Idorak Nigeria Limited

May 2021 - Jun 2022

Software Developer

- Create UI components with react.
 - Use Css to design different web pages.
 - Debug errors during development time.
 - Managed project timelines, reducing delivery times by 30%.
 - Collaborated with cross-functional teams, enhancing project success rates by 10%.
-
